PRACTICAL INFO

Staff

You will be welcomed at the airport by a representative from our friendly team and accompanied for the duration of your holiday. Armed with an abundance of experience and a wealth of expert knowledge our professional Greenland team know the country inside out. All activities are lead by our qualified guides. They are all English speaking outdoor practitioners with a passion for everything Greenlandic. Please note that this adventure takes place in an isolated polar environment which can be hostile - your guide will explain safety rules which must be followed.

Food

This trip includes full board except the final evening meal in Ilulissat - we are proud of the varied, fresh and frankly delicious food we provide on our camping trips. Meals are based on a selection of local products and you will have the opportunity to try Greenlandic delicacies such as cod, arctic char and mussels.

Each day will start with a hearty breakfast accompanied by plenty of tea and coffee. Then you will prepare your own picnic lunch for the day from a buffet style array of options - everyday there will definitely be sandwiches, hot drinks and cakes among the other options. Each evening meal will include three courses- we try to offer fresh fruit and vegetables everyday but this is not always possible in Greenland!

Your help in the kitchen is expected and much appreciated, particularly in the evenings. We like when the whole group work as a team to cook dinner, it creates a pleasant atmosphere as we reflect on the days adventures together.

Please let us know about any dietary requirements when you book the trip and we will work with you to cater for your needs.

Accommodation

Oqaatsut

We sleep in a rustic village refuge in the heart of the traditional Greenlandic settlement. There is no running water so we use water from a fountain. Showers are found in a village communal house for a small fee (€2). We use shared dry toilets which are the only facilities in a number of small Greenlandic settlements.

Wild Camping

We provide quality 3 man dome tents, 1 per 2 people for maximum space and comfort plus a spacious fully equipped mess tent complete with a table and stools for communal moments and mealtimes.

Transportation

In Greenland we use local boats, specially adapted for ice navigation, to cross fjords.

Budget & exchange

The currency in Greenland is the Danish Krone (DKK)

Please budget for a meal in Ilulissat: €25-€70 / 200-500DKK. Alcohol is very expensive in Greenland, if you want to enjoy an evening drink after your days adventures, we recommend buying Duty Free alcohol in the airport.

Supplied equipment

We provide you with the technical equipment you will need for this adventure - all you need to bring are your hiking boots.

We will provide everything else including:

- 3 man dome tents (1 per 2 people for maximum space and comfort)
- Self-inflating sleeping matt
- A mess tent with table, stools and cooking equipment
- Tandem sea kayak with directional rudder
- A Gore-tex dry suit with integrated warm fleece liner
- A spray deck
- A life jacket

Our sea kayaks were chosen for their stability and comfortable, they are suitable for first time kayakers. Average speed 2-3 miles per hour, up to 6 miles per hour. Suitable for all sea conditions and in the unlikely event of capsizing they are surprisingly easy to right, even at sea you would be back on board and paddling in no time.

Vital equipment

- Sleeping bag (comfortable at 0°C for maximum warmth)
- Walking boots
- Waterproof jacket (with a hood)
- Waterproof trousers
- A warm jumper or two
- Suitable underwear, t-shirts and walking trousers
- Thermals - top & long johns
- A swimsuit
- Warm gloves and hat (even in the summer - evenings can be chilly)
- Sunhat and sun cream
- Sunglasses (UV 400)
- Any personal medication
- Towel & toiletries
- A water bottle
- A small rucksack to use as a day bag
- Warm pyjamas
- Head torch & spare batteries (although it is nearly always light in the summer months)

Material

We prefer that you do not wear cotton clothing, including underwear, when participating in activities. When cotton gets wet from water or sweat it ceases to insulate and it does not dry fast. The best materials for outdoor activities are fast drying materials like polyester or materials which are warm when wet like wool. The most powerful materials against the wind and rain are 'breathable' materials like Gore-Tex or Nikwax.

Our advice for keeping warm

Winter in Greenland can be very cold, please think carefully about what clothes you bring, although we will provide warm outer layers, the layers you wear next to your skin make the biggest difference. We recommend:

- No cotton
- Bring dry spares of everything, even underwear and gloves
- Wear multiple layers including:
 1. A warm breathable base layer
 2. A second thermal layer
 3. Wind and waterproof protective out layer (we provide an additional quality jacket and over trousers)

Helpful equipment

You may also consider packing

- Your camera
- Binoculars
- A notepad and pencil
- A thermos flask
- Plastic bags for wet/dirty clothing
- A comfortable evening outfit
- Walking poles
- Inflatable pillow
- Insect repellent
- Blister plasters
- Tissues

Luggage

Please bring a small rucksack to use as a day bag. You can bring this as hand luggage on the aeroplane. You will carry your lunch, water, spare layers and any personal medication with you each day in this bag. You will also need a larger bag to store your other clothes and belongings in, please ensure that this is a soft bag like a rucksack or holdall rather than a hard cased suitcase because it is more practical. We recommend packing all of your clothes in plastic bags so that they stay dry in the event of wet weather.

Medicine

Your guide is a trained first-aider and will carry a full first aid kit at all times during the trip. We recommend that you bring a small personal first aid kit containing any medication you may need such as inhalers, plasters, antiseptic and painkillers.

Passport

Most travellers require a passport that is valid for at least three months after the return date. It is your responsibility to confirm your specific passport requirements and please be aware that proof of onwards travel may be required.

Visa

Most travellers do not need a VISA to travel to Greenland but proof of onwards travel may be required. It is your responsibility to confirm your specific visa requirements.

Mandatory vaccines

There are no specific health risks.
