PROGRAMME

📍 Jour 1 **Kulusuk**

Welcome to Greenland! We will greet you at Kulusuk airport and escort you to your accommodation in the centre of this eastern Greenlandic town. Kulusuk is a small settlement found on a rocky island with the same name, the waters surrounding it are almost always speckled with floating icebergs. Tonight we offer a free walking tour to uncover more about the local culture, history and traditions of this traditional Greenlandic hunting and fishing village.

📍 Jour 2 **Walking the valley of flowers**

This morning, after breakfast, a scenic cruise will take us to Tasiilaq and the valley of flowers. Keep your eyes open for whales during the boat trip - it is not uncommon to meet humpback and fin whales on this route! In the summer it really is as magical as it sounds here! 📍 Jour 3 **Views of Tasiilaq and Sermilik Fjord**

This morning we have the chance to explore the Inuit village Tasiilaq, discover the local traditions and meet local people and animals. Today's walk should give a true sense of the scale and vastness of the wilderness around you. Get ready for views of towering granite mountain ranges and the famous Icebergs of Sermilik Fjord (the ice fjord) as you climb up to a panoramic viewpoint.

📍 Jour 4 **Tasiilaq Fjord**

Today, an off-trail hike to discover the wonders of Tasiilaq Fjord awaits us with views of classic Greenlandic scenery: dark rock and blue waters speckled with bright white ice. Today is a chance to fully explore the wilderness here and uncover a surprisingly fertile Greenland as we forage for wild berries and discover the lush vegetation that thrives here. Dwarf Fireweed (*Chamaenerion Latifolium*) Greenlands national flower, is a rich pink colour and sometimes (particularly during June) it floods the shorelines of the Fjord with colour. In this land of harsh contrasts it is a truly spectacular sight in the otherwise grey, white and blue landscape. Today you can also opt to take a boat trip through the icebergs to Hann glacier.

Activities: around 4 hours of walking. Optional boat trip.

Accommodation: Hotel Ammassalik

📍 Jour 5 **Sermiliq trail around Mount Priest**

Today's hike is perhaps the most magical of the whole trip; it is a bit more challenging than the previous walks and includes some stream crossings so get ready for an adventure! The hike begins following a scenic coastal path up to the Fjord where we will pick up the husky trail 'Sermilikvejen'. We will continue through a beautiful valley and up into the mountains where a truly unique scene awaits. Nestled among dramatic granite peaks, with small glaciers perched on top, are a hidden cluster of bright blue lakes. Here you are in true Greenlandic wilderness and can observe all of its breathtaking contrasts. The hike ends by circling the distinctive Aammangaaq Mountain and following a track back to your accommodation.

Activities: 7-8 hour guided hike

📍 Jour 6 **Icebergs Walk**

Enjoy a walk along the Fjord south of Tasiilaq today before our boat trip back to Kulusuk. Budget et change

The currency in Greenland is the Danish Krone (DKK)

Please budget for two evening meals: from €25 / 200DKK per person. Alcohol is very expensive in Greenland, if you want to enjoy an evening drink after your days adventures, we recommend buying Duty Free alcohol in the airport.

Pourboires

Although the custom is not widespread here, if you are satisfied with the services of your guide, tipping is always appreciated - it is not obligatory and should be left to the discretion of each individual.

Equipement indispensable

- A warm sleeping bag
- Walking boots
- Waterproof jacket (with a hood)
- Waterproof trousers
- A warm jumper or two
- Suitable underwear, t-shirts and walking trousers
- Thermals - top & long johns
- A swimsuit
- Warm gloves and hat (even in the summer - evenings can be chilly)
- Sunhat and sun cream
- Sunglasses (UV 400)
- Any personal medication
- Towel & toiletries

- A water bottle
- A small rucksack to use as a day bag
- Warm pyjamas
- Head torch & spare batteries (although it is nearly always light in the summer months)

Matériel

We prefer that you do not wear cotton clothing, including underwear, when participating in activities. When cotton gets wet from water or sweat it ceases to insulate and it does not dry fast. The best materials for outdoor activities are fast drying materials like polyester or materials which are warm when wet like wool. The most powerful materials against the wind and rain are 'breathable' materials like Gore-Tex or Nikwax.

Our advice for keeping warm

Winter in Greenland can be very cold, please think carefully about what clothes you bring, although we will provide warm outer layers, the layers you wear next to your skin make the biggest difference. We recommend:

- No cotton
- Bring dry spares of everything, even underwear and gloves
- Wear multiple layers including:
 1. A warm breathable base layer
 2. A second thermal layer
 3. Wind and waterproof protective out layer (we provide an additional quality jacket and over trousers)

Equipement utile

You may also consider packing

- Your camera
- Binoculars
- A notepad and pencil
- A thermos flask
- Plastic bags for wet/dirty clothing
- A comfortable evening outfit
- Walking poles
- Inflatable pillow
- Insect repellent

Bagages

Please bring a small rucksack to use as a day bag. You can bring this as hand luggage on the aeroplane. You will carry your lunch, water, spare layers and any personal medication with you each day in this bag. You will also need a larger bag to store your other clothes and belongings in, please ensure that this is a soft bag like a rucksack or holdall rather than a hard cased suitcase because it is more practical to transport. We recommend packing all of your clothes in plastic bags so that they stay dry in the event of bad weather.

Pharmacie

Your guide is a trained first-aider and will carry a full first aid kit at all times during the trip in case of emergencies. We recommend that you bring a small personal first aid kit containing any medication you may need such as inhalers, plasters, antiseptic and painkillers.

Passeport

Most travellers require a passport that is valid for at least three months after the return date. It is your responsibility to confirm your specific passport requirements and please be aware that proof of onwards travel may be required.

Most travellers do not need a VISA to travel to Greenland but proof of onwards travel may be required. It is your responsibility to confirm your specific visa requirements.

Year round the temperatures in Greenland can range from -25°C to more than 20°C (-13°F to +68°F). Generally speaking Greenland is not very windy and the warmest months are June - August.

The length of the day varies significantly throughout the year. The shortest day of the year is 21st December with no sunlight! The longest day, with 24 hours of sunlight, is 20th June. You can see the midnight sun from May - July and the Northern Lights in the darker months.
